### Important Information:

This funding is generally for semesters abroad and unpaid internships. Semester abroad or internships, which can be funded through the ERASMUS+ program, are usually excluded from applying. Stays at a Partner university or unpaid internships take priority.

By applying for this funding, you agree to take part in at least one university event related to stays abroad on request. For example, you might be asked to do a presentation during an information session.

The application has to be submitted before the start of the stay abroad and the application deadline to the International Office of Pforzheim University. <b>Please attach your signed Learning Agreement or internship contract.</b>		
(Internship participants) I allow Pforzheim University to share my name & mail address with prospective students going abroad. (Study abroad students have already given their consent through the Mobility Online application.)	<input type="checkbox"/> YES	<input type="checkbox"/> NO
