BAE 4183 – Intercultural Engineering (WI/ INT + ISP + HOTSPOT + elective)

Special focus topic: Managing cultural complexity

2 SWS (semester weekly hours), 3 credits

Language: English

Schedule and room: Monday, 09:45 – 11:15, room: T2.4.05
+ additional time-slots for project work (t.b.a.)

First session: Monday, 07 October 2019, 09:45 – 11:15, room: T2.4.05

Lecturer: Prof. Dr. Jasmin Mahadevan
E-mail: jasmin.mahadevan@hs-pforzheim.de (preferred mode of communication)
Colloquium: Room: T2.2.18, Wed 09:45 – 11:15 hrs (unless announced otherwise)

Learning objective: Students develop skills in managing cultural complexity in management and engineering (e.g. organizational cultures, professional cultures, societal cultures)

Course topics: Cultural complexity in intercultural management and engineering

Teaching and learning approach: Learning will be achieved via reading, reflection, active participation and completion of assignments / project work.

Course Material
- to be announced in class / distributed via e-learning.

Contribution to program goals: This course is linked to all program goals, in particular to ethical behaviour and international management in engineering.

Assessment: Grading based on completing the required assignments

Grading scale: (see SPO, allg. Teil, Neufassung vom 01.09.06, p. 20):
- 1 = excellent (pass grade) = outstanding work;
- 2 = good (pass grade) = work which is far above average
- 3 = satisfactory (pass grade) = average work;
- 4 = sufficient (pass grade) = work with shortcomings which still meets requirements
- 5 = insufficient (fail grade) = work with severe shortcomings, does not meet requirements
